

The **Children's
Cardiomyopathy
Foundation** presents...

Developed in
collaboration with the National

Society of Genetic Counselors, this 29-page booklet uses child-friendly language, colorful illustrations, and fun activities to help children understand their own and/or their family member's diagnosis of cardiomyopathy. Children will enjoy reading **Cardio What?** with a parent, relative, or older sibling as they learn about the basics of their heart condition.

Cardio What? is a great resource for genetic counselors, geneticists, pediatric cardiologists, social workers, cardiac nurses, child life specialists or anybody else that needs to explain cardiomyopathy to a child.

For more information about **Cardio What?** or other

patient education materials, please contact the Children's Cardiomyopathy Foundation (CCF) at 866-808-CURE (2873) or info@childrenscardiomyopathy.org.

The Children's Cardiomyopathy Foundation is a national non-profit organization dedicated to finding causes and cures for pediatric cardiomyopathy through the support of research, education, awareness, and advocacy.

A Cause for Today...
